has lowered the resord is fairly dry, along comes the word that he has out another quarter of. Tesselsy he please the stal-lies record at \$.10% and Wednesday under her mile at the state tilly. He is a great heree and will return to Maha exemped the King of the Turf.

The Commercial referring to the decklon of the Kanada court mys! Consequently the whole question is re-posted again it that decides is to stand, and all prohibitory and perhaps ilones awas as well, must be re-enacted before

has finally concluded to admit that license laws as well as the prohibitory law were fore, he will be almost continuously og the mullified by the original package decision.

At the time the decision of the Suprema

to THE Waid a statement that the license, countles, where he swap (bittly, and system was hit the same as the prohibitory stirred up Republican aterest immensely tystem, but our contemporary was then The Portland Press says The paper

trade in this country is nausually active and prosperous. Prices are very low, but so much more paper is being used that the mile how going up in Maine are a part of for mother speech in this dis rot. A 7.6 this gratifying expansion Americans So far, the drift of the figh. has been all this gratifying expansion Americans well take a just pride in the prosperi- with the Republicans, and the party ty of this industry It is, parhaps, the most consummate production of the industrial policy pursued by this country for the last thirty years. At first the paper consumers were forced to pay higher prices to aparish this industry, but to day. it is repaying this care by giving paper to the American people as cheap of cheaper than it can be bought saywhere on parth, and is besides map sying theomeris, of American laborers and adding to the gen-

The story sent out about an alleged atalipu to aboot Mr. Brecktaridge in Arkanans is thereughly exploded. Mr. R. O. Stebauch, proprietor of the hotel where Mr. Emplaridge stopped, writes from Couter Ridge, Conway county, Ask, as CAPES!

tollower

"Center Ridge is about twenty valles
from the railroad. It is an obscure p ace.
There is a large until ment of old six a long soldlers here. Very Yow nagrous. The people are quiet and inwesteding. Recklarings spains here Out. 6. He steeped at one beam. I attended his meaning. It was quiet and orderly. I was communicated to be a superment of learn that a telegrous heal beam must be learn that a telegrous heal beam must be made to the effect that in attended had been made to accordant. By Recollecting while he was been, and the offer of the property of the processor of the superment in the object of the processor of the superment while here, and know of my own personal knowledge that such super in unique. Mr. Brecklyridge received every courtery while here, and so one tried to do hom any bedily harm. le Arkanses are Mr Breckunidge's friends.

The hard present Republican organs are bow desping that there is any necessity for a rise of proces to consequence of the Rickinsky bull. They admit that prices of accessaries bere rise and are rising, but they occase a whole naise of stereinspers of conspering to play late \Democratic hands by advancing prices when there is no need of K.—Boston (riobe.

The correction of such yeres as this is manuscon, tecòmicg a trife monotonous, but we can-Lot retrain from giving one there likes rawhich the editor of the Globe is convicted of freed in his own paper. In the same some of the Globe there appears an advertisement announcing all west suits for men at \$10, and all weel, double and i wist catelinere suite for boys "for \$3.50 per suit, market down from \$6 and \$5" The firm edds . This bargain is the greatest we have ever given " The Globe ciolens that it is a great setterin og mio-sism, has the manner lo which its edite-rial writers are misrepresenting tradecon-tions cannot be particularly gratifying to estrone who are paying for space to an odence better bargains than ever offered

The Beston Herald started out to ascertain the views of the business men of that city on the tariff, and that the result was not estimatory to the free trade editor in very manifest in the calltorial published the day following the apor of herocal columns of h property of poverse treasure. While it set about the tank of getting the views of it a besteve men, is you with the
or dest against that its own spinion
that the flips tariff would prove legislature
would 100 clearance, but the interviews
told an cuttedy different story. So
marked was this last that the flipsing mi o telesist that these there were only a "wary mechalife seeder acost Posses emeros well and the Kow tar I law was specially injurious to them. In most instances the statement, was made, that its effect last bean to impose scale." As might be expected these sintements hat a mos, depressing effect upon the officer who animingly remarks "this night sears a one sense, an indersement of the Mollinley bill, but, properly looked at it is no neigreement at all " That is to kep the usts segaged in trade, whose views the Break solicited, really do not know wind they are, belling about. They thing the new teriff is beneficial, but it they will early look at it with that superior window, exclusively equined to the Beralf editorial chair they will at eace appreciate their mistake, The Beralf has undoubtedly furnished one mary excellent energylight text for the Sayablidas. Of the merchants som ninety believed that the Government should be continued under the charge of lts present political contodinos, 48 Seco a change essential, and 27 preferred not to have their preferences printed.

In M'Zinley's District, A Centon, Ohlo, despatch says: Major McRholey has entered upon the last two weder of his exciting convent for re-olection in the garrymandered district with which the Democratic Legislature process, him, by addressing a routing Republican most up at Matter, a seen i town

hear Monthlen, he line, his home gently of Sheek. As in every other place in the district which he I so placed, the author of the MoKinky of Lang grotted with unrd cottructum, for his pi popularity smoog his driends and seigh-bers easily extrans at littlestions of party. He one who has seen here one doubt for a material McKing's strongth with the protons of Ohio; and windows may be the outcome in his protont back-capped contest, it is plain orange that he

engaged content, it is plaint example that he will long number one of the next popular and promising of potential lambes to the State of minumbers and Helma. The transporter of his more updo an auditors compared of his more updo an auditors compared of his Beyonders and Democrats were made in dieg in the cream of the compared of the c trune, and left little quie les that, if the ture in the Congress that converse were shaply a parasonal over, the Contras states id he returned next meetin, ever man would be related next mean, ever in the fact of a normally advance mejority

impositing over requests since he went West
makes it nomewhat difficult to keep the
run of his wenderful performance. Before a paragraph hoting the fact that he
the limit of the paragraph and the fact that he
the limit of the paragraph and the fact that he
the limit of the li the Democratic strong held | On Saturday the great meeting at which Becretary Rishes will speak, which provides to be then record at \$.10% and Wodnesday under one of the largest and mapt entherisation most unfavorable electronates sees he put is spelled at gatherne as ever held in Northdastern (ikk

Mr. McKinley's campaign (cally began with his speech of acceptance belentition Republican Convention about the end of August. He has been in the district himself for nearly two weeks and has made several important specifies Eus he has also been off campaigning during that time in Muchigan and Pennsylvan a, so that the real work of the CARVALL After considerable delay the Commercial remains to be done be ween now and Nowarmer 4. For the next two weeks, there-

Mr Reed's wisht last week made a pro-Court was promulgated it took exceptions found impression in Kedina and Wayne all over the western end of he district. The Speaker talked genera volution, but made his best point in appetiting to the people of Obio to eturn to Congress, in-respective of partians feeling one of the oldest, fairest and most admirate ment bers ever sent to Wast lagton from the manufacturers are doing well and expand. Buckeye State If possible, Mr. Reed will stop of on his return from the West,

TOE JAIL WORKSHOP LEASED. COURSE Commissioners Wood, Serlbaur and Bldridge, who have been in somion in this city for a few days regarding the leasing of the joil westshop, yesterday concluded their business by giring the lesse for two pears to Crocker & Leathers for \$500, to wood at before. The firm will take such precentions in the future that will make the danger from fire greatly less than formerly. The small wonden building which has been at one end of the work shop will be taken away. The firm will probable lesse the third floor to E. P. Patterson, who will manufacture brooms, the prisectes to the fall being engaged on the reely, which will be carried on quite extensively. The next cession of the com-

bacco is dying out and the babit of the olgarotte is taking its place. At least that's what a tobecco dealer told a reporter. He also added "It is safe to say that pearly a half of the men were care chowers; it would be safe to say that less than one-tanth of them are chewers now. The ordinary run of Westerners were fond of the weed, and as for the ordinary run of Southerners, lackading Entuctions, Minestriest, and Georgians, they held is the a exect-morael to their months. The Yantes reference used to reville the hable, the Anti-Tobacco Society waged war upob it throughout the country, and there were lectureragaiost it and pamphlets against it. They may all have had an induspee, but it is to the progress of civilization that we are indebted for its diminution Peosh per day for which the company will ple have come to look upon chewing tomer water in this city per from 15 to 35 cents per bushel.
